## FOR YOUR BLOCK

**THEY LOOK GOOD. BUT THEY ALSO KICK ASS.** So upgrade your ride with Gates Racing products for super high performance, and longer life in the high temp, high torque world of today's most extreme engines. Custom colors give you a hot look. The performance speaks for itself.

**MICRO-V ACCESSORY DRIVE BELTS AND TIMING BELTS**

Gates Racing belts are 300% stronger and resist heat three times better than stock, thanks to advanced heat and wear resistant composites and compounds.

**COOLANT HOSE KITS AND VACUUM HOSE KITS**

Gates premium EPDM rubber compound and ECR tube stock stand up to full throttle heat and pressure. Our vacuum hose's specially formulated silicone rubber beats the heat cold.

**POWERGRIP® HOSE CLAMPS**

Apply heat to these heat-sensitive clamps and they shrink onto the hose fitting for a totally leak-free connection that has a full custom look. Revolutionary!

**RUN WITH GATES RACING PRODUCTS.**  
Performance, durability and style.
